## EDUCATIONS

**2022 - Present**  **Institut Teknologi Sepuluh Nopember**
Major: Informatics Engineering Department
GPA: 3.56

Learned Web Programming, Object-Oriented Programming, Artificial Intelligence, UX Design, Database Systems, Software Architecture, Machine Learning, Framework-Based Programming, Information Security, Data Structures, Database Management, and Computer Networks.

**2019 - 2022**  **SMAN 55 Jakarta**
Major : Science

## INTERNSHIP EXPERIENCE

**Juni 2025 - Present**  **PT. Bank HSBC**
**Data and Analysis Office intern**
- Supporting data pipeline and dashboard development by querying data via BigQuery, processing it in JupyterHub using Python, and transforming outputs (including Excel files) into insightful dashboards in Qlik Sense for business monitoring and decision-making.

**Aug 2024 - Mar 2025**  **Retrux Studio**

**Oct 2024 - Mar 2025**  **Project Manager Intern**
- Collaborated with stakeholders to define project scope and objectives, developed comprehensive plans covering schedules, budgets, and resource needs. Monitored progress and risks regularly, facilitated discussions, and conducted post-project evaluations to identify improvements.
- Key Achievement :
  - Successfully delivered working code and mockups, earning client satisfaction and project continuation to analysis and marketing stages.

**Aug 2024 - Nov 2024**  **UI UX Designer Intern**
- Developed the ILBI ITS website, focusing on user-centered design principles and conducting user research to understand customer needs, ultimately enhancing user experiences.
- Designed wireframes, prototypes, and high-fidelity mockups using Figma.
- Key Achievement :
  - The project resulted in increased client satisfaction and a two times growth in website visits. (*link*)

**Feb 2024 - May 2024**  **Platform Kelas X Cuan**
**Project Officer Intern**
- Facilitated regular meetings to track project progress, ensured smooth coordination between team and stakeholders, and maintained detailed documentation including reports, schedules, and budgets.
- Key Achievement :
  - Exceeded KPI targets and received positive client feedback, resulting in high client satisfaction.

**Feb 2024 - May 2024**  **Platform AYAHABATASA**
**KOL Marketing Intern**
- Collaborated with internal and external partners, managed communication with industry professionals and influencers, and coordinated end-to-end influencer activities to support successful marketing campaigns.
- Key Achievement :
  - Successfully established partnerships with influencers, leading to high mutual satisfaction and a significant boost in engagement, including an increase of hundreds of followers.

## ORGANIZATIONAL EXPERIENCE

**Aug 2023 - Dec 2024**  **ITS Golf Student Activity Center**
**Secretary**
- Scheduled meetings, managed documentation, and handled official materials while maintaining communication with commissioners and reporting to management.
- Key Achievement :
  - Successfully managed nearly 30 meetings with external partners, processed over 300 certificates, and compiled 100 official letters.

**Mar 2024 - Nov 2024**  **ITS Expo 2024 (National)**
**Secretary**
- Managed official documentation, schedules, and meetings, ensuring timely follow-ups and accurate records of certificates, minutes, and correspondence.
- Key Achievement :
  - Successfully processed over 500 certificates and obtained approval for more than 600 letters from the Director of Student Affairs ITS.

| | |
|---|---|
| **Aug 2023 - Present**<br>**Aug 2024 - Present** | **Society of Petroleum Engineers ITS SC**<br>**Head of External And Alumni Relation** |

- Lead the planning, development, and execution of public relations strategies to enhance the organization's image and public presence.
- Key Achievement :
  - Accomplished 5 out of 8 planned programs, each achieving and surpassing the established KPIs.

**Aug 2023 - Jun 2024**  **Staff of Public Relation**

- Develop and implement strategies to engage and maintain relationships with external partners, alumni, and key stakeholders.
- Key Achievement :
  - Organized alumni events, including the largest in 5 years with ~100 attendees, boosting engagement

**Jan 2024 - Nov 2024**  **ITS Informatics Students Association**
**Head of Internal Affairs**

- Coordinate internal events and initiatives to build a positive community, resolve conflicts, and ensure smooth operations through cross-department collaboration.
- Key Achievement :
  - Successfully met KPIs by organized internal events that met KPIs and boosted member engagement.

**Nov 2023 - Jan 2024**  **Ini Lho ITS X Forda (National)**
**Head of Subdivision Event**

- Ensure smooth event execution through timely communication, problem-solving, and dynamic budget management.
- Key Achievement :
  - Developed the overarching design and concept for events, ensuring alignment with the event's objectives and target audience, successfully organizing the first event with over 80 participants.

**Feb 2023 - Nov 2024**  **Schematics (Departement)**

**Feb 2024 - Nov 2024**  **Expert Staff Event staff**

- Assisted in the planning and execution of Schematics REEVA 2024, including coordination with the exhibition team to run the Art Expo that showcased the Informatics Engineering Department to the public.
- Key Achievement :
  - Successfully attracted over 200 attendees, surpassing the expected audience participation.

**Feb 2023 - Nov 2023**  **Staff of Liaison Officers**

- Facilitated communication between organizers and artists, ensuring all requirements and contractual obligations, including riders and fees, were met.
- Key Achievement :
  - Successfully facilitated and engaged the participation of 2 artists in the event

## PROJECT

- **Cinema Application (*link*)**

*Fullstack Web Developer*

A fullstack cinema web application that integrates Express.js as the backend and Vue.js as the frontend to demonstrate CRUD functionality.

- **Recipe Application (*link*)**

*Fullstack Web Developer*

A recipe web application built with Next.js that utilizes server-side rendering and dynamic routing to display and manage cooking recipes.

- **Animal Crossing 3D Scene (*link*)**

*Game Developer*

A 3D scene inspired by Animal Crossing, created using Three.js to render interactive graphics and environment design in the browser.

- ***TASTORY* Android Recipe App with Jetpack Compose (*link*)**

*Mobile App Developer*

Android recipe app for exploring and reading visual cooking guides, built with Jetpack Compose

- **Poverty Level Classification in Indonesia Using Machine Learning (*link*)**

A classification project using multiple machine learning models Random Forest, SVM, KNN, and ANN—to predict poverty levels in Indonesia based on socioeconomic data.

## PROFESSIONALS SKILLS

- **Time Management & Multitasking**

Able to handle multiple roles and meet deadlines efficiently, proven through active involvement in various organizations and internships.

- **Problem Solving & Critical Thinking**

Skilled in analyzing problems and delivering effective solutions from both academic and organizational experiences.

- **Communication & Collaboration**

Proficient in both written and verbal communication, ensuring clarity and engagement across various platforms and audiences.

- **Adaptability & Self-Motivation**

Quick to adapt and highly self-driven, with a proven track record in fast-paced environments and diverse responsibilities.

- **Digital Tools**

Proficient in Microsoft Office such as Word, Excel, Power Point

- **Language Proficiency**

Fluent in Bahasa Indonesia and English, both written and spoken.

- **Programming Languages & Frameworks**
  1. Languages: JavaScript, PHP, Python, SQL
  2. Frontend: React.js, Vue.js, HTML, CSS
  3. Backend: Express.js, Node.js, Laravel
  4. Database: MySQL, PostgreSQL, MongoDB
  5. Tools: Git, Postman, Figma, Google Colab, Visual Studio Code, Notion.
